

NORTHERN COLORADO PLATEAU
VITAL SIGNS NETWORK AND PROTOTYPE CLUSTER
PLAN FOR NATURAL RESOURCES MONITORING

PHASE II REPORT

September 30, 2003

Prepared by:

Mark E. Miller, Ph.D.
NCPN Program Ecologist
(currently USGS-BRD, Canyonlands Field Station)

Dave Sharrow
Zion National Park

Lynn Cudlip
Western State College

With Assistance from NCPN Staff and Technical Committee

~~~~~

Northern Colorado Plateau Network  
National Park Service  
2282 S. West Resource Blvd.  
Moab, UT 84532-3298

~~~~~

Approved by:

Alford J. Banta, Chair NCPN Board of Directors

Date

Angela G. Evenden, NCPN I&M Program Manager

Date

IMR I&M Program Manager

Date

NORTHERN COLORADO PLATEAU
VITAL SIGNS NETWORK AND PROTOTYPE CLUSTER
PLAN FOR NATURAL RESOURCES MONITORING

PHASE II REPORT

September 30, 2003

TABLE OF CONTENTS

Acknowledgements	vi
Executive Summary	viii
INTRODUCTION	1
III. VITAL SIGNS	2
Introduction	2
Background	2
Factors Contributing to the NCPN Vital-Signs Framework	2
Vital Sign Definition	2
NPS Goals for Vital Signs Monitoring and the Concept of Ecological Integrity	2
Prototype Monitoring Themes and the Jenny-Chapin Model	3
Significant Resources of the NCPN	4
Hierarchical Vital-Signs Framework	5
Process and Criteria for Vital Signs Evaluation and Identification	6
Phase I Scoping	7
Delphi and Workshop Vital-Sign Evaluation Process	7
Delphi Round 1	7
Delphi Round 2	8
Pre-Workshop Vital-Sign Evaluation	10
Vital-Signs Workshop	14
Post-Workshop Follow-Up and Synthesis	15
NCPN Vital Signs (excluding water quality)	16
Network Overview	17
Climatic Conditions	17
Air Quality	20
Soil, Water and Nutrient Dynamics	20
Water Quality	21
Disturbance Regimes	21
Biotic Integrity – Predominant Plant Communities	22
Biotic Integrity – At-Risk Species or Communities	23
Biotic Integrity – Focal Species or Communities	24
Biotic Integrity – Endemic Species or Unique Communities	25
Landscape-Level Patterns	26
Stressors	27
Other Natural Resource Values	29
Park-Specific Vital Signs	29
Arches National Park	29
Black Canyon of the Gunnison National Park	32
Bryce Canyon National Park	35
Canyonlands National Park	38
Capitol Reef National Park	41
Cedar Breaks National Monument	44
Colorado National Monument	47
Curecanti National Recreation Area	50
Dinosaur National Monument	53

Fossil Butte National Monument	56
Golden Spike National Historic Site.....	59
Hovenweep National Monument	62
Natural Bridges National Monument.....	65
Pipe Spring National Monument	67
Timpanogos Cave National Monument.....	70
Zion National Park.....	73
Water Quality and Quantity Vital Signs	76
General Approach to the Selection of Water-Quality Vital Signs.....	77
Vital Signs Selection in Relation to Park, Network and Servicewide Goals.....	77
Phases I and II	78
Database Development	79
Use of the Delphi Process to Identify Water Quality Vital Signs.....	79
Vital Signs Workshop	79
Existing Monitoring	80
Water Quality Vital Signs	80
Networkwide Water Quality Themes and Observations	80
Park Water Quality Vital Signs.....	81
Arches National Park	82
Black Canyon of the Gunnison National Park.....	84
Bryce Canyon National Park	85
Canyonlands National Park.....	87
Capitol Reef National Park	88
Cedar Breaks National Monument.....	90
Colorado National Monument	91
Curecanti National Recreation Area	93
Dinosaur National Monument.....	95
Fossil Butte National Monument.....	96
Golden Spike National Historic Site.....	98
Hovenweep National Monument	98
Natural Bridge National Monument	99
Pipe Spring National Monument	100
Timpanogos Cave National Monument	101
Zion National Park.....	103
XI. LITERATURE CITED.....	105
XII. APPENDICES.....	113
Appendix A. Vital-Sign Evaluation and Selection Process	113
Appendix B. Sample Measures Pertinent to Broadly Applicable Vital Signs	165
Appendix C. Summary of Water Quality and Quantity Vital-Signs Workshop.....	173
Appendix D. Protected Uses for Northern Colorado Plateau Parks in Utah, Wyoming, Arizona and Colorado	195
Appendix E. USGS Progress Report on Protocol Development for the Northern Colorado Plateau Prototype Cluster.....	207
Appendix F. NCPN Invasive Plant Prevention Guidelines and Best Management Principles	227
Appendix G. Program Update – NCPN Data Mining.....	249

Appendix H. Program Update – NCPN Development of Ecological Conceptual Models....	251
Appendix I. NCPN and SCPN Guidance for Cooperators Developing Ecological Conceptual Models.....	253
Appendix J. Glossary of Key Terms and Concepts	271
Appendix K. Geoindicators Scoping Report for Arches National Park, Canyonlands National Park, Capitol Reef National Park, and Natural Bridges National Monument	279
Appendix L. NCPN Science Panel Members and Program-Review Comments.....	301

FIGURES

Figure 1. Relationships among societal goals, ecosystem characteristics, endpoints, and scientific measures in ecological assessment and monitoring.....5

TABLES

Table 1. Management objectives and related landscape or ecosystem characteristics associated with the overall NPS goal of maintaining and restoring ecological integrity	6
Table 2. Management objectives associated with vital-sign categories pertaining to stressor-oriented monitoring and natural-resource values that fall outside the ecosystem framework of Table 1.....	7
Table 3. Vital-sign evaluation criteria used by the NCPN during the pre-workshop evaluation exercise and during the April 2003 vital-signs workshop.	11
Table 4. Vital signs of broad applicability across the NCPN	15
Table 5. Overview of vital signs identified by NCPN parks.	18
Table 6. Vital signs for Arches National Park (excluding water quality).....	30
Table 7. Vital signs for Black Canyon of the Gunnison National Park (excluding water quality).....	33
Table 8. Vital signs for Bryce Canyon National Park (excluding water quality).....	36
Table 9. Vital signs for Canyonlands National Park (excluding water quality)	39
Table 10. Vital signs for Capitol Reef National Park (excluding water quality).....	42
Table 11. Vital signs for Cedar Breaks National Park (excluding water quality)	45
Table 12. Vital signs for Colorado National Monument (excluding water quality).....	48
Table 13. Vital signs for Curecanti National Recreation Area (excluding water quality).....	51
Table 14. Vital signs for Dinosaur National Monument (excluding water quality)	53
Table 15. Vital signs for Fossil Butte National Monument (excluding water quality).....	57
Table 16. Vital signs for Golden Spike National Historic Site (excluding water quality)	60
Table 17. Vital signs for Hovenweep National Monument (excluding water quality).....	63
Table 18. Vital signs for Natural Bridges National Monument (excluding water quality)	65
Table 19. Vital signs for Pipe Spring National Monument (excluding water quality)	68
Table 20. Vital signs for Timpanogos Cave National Monument (excluding water quality).....	71
Table 21. Vital signs for Zion National Park (excluding water quality)	74
